Collecting this information

Personal data is only collected from you, when you enter the school site and use our sign-in system.

Data sharing

For the most part, personal data collected will remain within the School and will be processed by appropriate individuals only in accordance with access protocols (i.e. on a 'need to know' basis).

We do not share information about our visitors with anyone without consent unless the law and our policies allow us to do so.

All visitors are reminded that the School is under duties imposed by law and statutory guidance (including Keeping Children Safe in Education) to record or report incidents and concerns related to child safeguarding that arise or are reported to it, in some cases regardless of whether they are proven, if they meet a certain threshold of seriousness in their nature or regularity. For further information about this, please view the School's Safeguarding Policy.

International transfers of personal data

CCTV and information on our sign in systems is held by the school, on our own servers. We do not transfer any information outside of the school's systems.

We hold visitor data for as long as reasonably necessary to fulfil the purposes we collected it for, including for the purposes of satisfying any legal, regulatory, or reporting requirements. We have appropriate security measures in place to prevent personal information from being accidentally lost or used or accessed in an unauthorised way. We limit access to your personal information to those who have a genuine business need to know it. Those processing your information will do so only in an authorised manner and are subject to a duty of confidentiality. We also have procedures in place to deal with any suspected data security breach. We will notify you and the Information Commissioner's Office of a suspected data security breach where we are legally required to do so.
